## EDUCATION

**RNS Institute of Technology**                                     **08 2019 – 08 2023**
*B.E - **CGPA** - **8.97***                                          *Bangalore, Karnataka*

**RN Shetty PU College Kundapura**                                  **06 2017 – 04 2019**
*PCMB - **Percentage** - **93.83%***                                 *Kundapura, Karnataka*

**GHS Aloor**                                                       **06 2016 – 04 2017**
*SSLC - **Percentage** - **94.88%***                                 *Kundapura, Karnataka*

## SKILLS

- Data Structures & Algorithms
- C
- C++
- Java
- Python
- React.js
- TypeScript
- HTML
- CSS
- Angular.js

## PROJECTS

**Railway Reservation System** ⧉ | HTML,CSS,JS,PHP,MySql                    **12 2021**

- **The main aim of the project was to develop a website which would facilitate the reservation of online air tickets through an effective and yet simple GUI for a normal passenger intending to travel in railways**.
- Project Link

**Quiz App** ⧉ | HTML,CSS,Angular.js,TypeScript                           **06 2022**

- **This project is made on the basis of the Angular.js and the application contains a set of multiple choice questions.**.
- Project Link

**Egg Game** ⧉ | C++,OpenGL                                               **10 2021**

- **This project is implemented based on the OpenGL properties using the c++ language. Here I used openGL polygon properties to create the different images** .
- Project Link

## INTERNSHIP

**NASTECH**                                                         **03 2022 – 06 2023**
*AIML Intern*                                                        *Bangalore, India*

- In this Internship, I learnt about the basic fundamentals of Machine learning and then worked on Heart Disease Prediction project.

## SOFT SKILLS

**Confidence**
**Work Ethic**
**Team Work**
**Willingness to learn new things**

## CERTIFICATIONS

- **Data Structures and Algorithm workshop by geeks for geeks**
- **Programming Foundations with JavaScript, HTML and CSS**
- **Java Programming: Solving Problems with Software**
- **Programming for Everybody (Getting Started with Python)**
- **Java Basic Certificate by HackerRank**
